So glad I'm able to say I've been at Walden for 7 years. I have so many memories of adventures late at night, playing Just Dance, taking the train to Chicago, running through corn mazes, camping, and even buying $40 worth of candy. I'll miss the exhausting volleyball practices, and the gag gifts I received from track friends. I'll miss the powderpuff games, the Feast, and Springing Walden. I still remember the first day I came to Walden, blue haired and 100% clueless as to where I was going. Luckily I made amazing friends like Samantha, Bryn, Kate, and Andre to help make me into the person I am today. I'm going to miss everyone so much, but I'm so excited to move on to the next chapter in my life.
